STEM OPT Extension
Online Workshop
The STEM OPT extension is a 24-month period of temporary training that directly relates to an F-1 student's program of study in an approved STEM (Science, Technology, Engineering, Mathematics) major.

Eligible F-1 students with STEM degrees who finished their program of study and are participating in their initial 12-month of post-completion OPT have the option to apply for a STEM OPT extension.

Please note: This workshop is for enrolled UCLA students only and is specific to UCLA policies and procedures.
If you are applying based on your most recent UCLA STEM degree:
To be eligible, F-1 students:

- Must have completed a STEM Designated Program (based on the Classification of Instructional Program [CIP] code listed on page 1 of their current I-20)
- Must be in their initial 12-month of post-completion OPT period (EAD card must not have already expired)
- Must not have exceeded 90 days of unemployment time during their initial 12-month post-completion OPT period
- Must have a bona fide employer-employee relationship with an employer enrolled in E-Verify
- Must have a paid, full-time employment offer (20 or more hours per week) for a position directly related to their major and appropriate for their degree level. Volunteer/unpaid positions and self employment are not eligible.
- Must be within the U.S. with F-1 status at the time they submit their STEM OPT Extension application to USCIS

**NOTE:** A student can only be authorized for the STEM OPT Extension twice in their lifetime.
If applying based on a previously obtained STEM degree

- Check [USCIS STEM OPT Website](https://www.uscis.gov/OPT) for more information

STEM degree must have been completed within 10 years of the STEM OPT Extension application submission date

- Must have a paid, full-time (20 or more hours per week) employment offer directly related to their STEM degree with an E-Verified employer

- Must submit copies of their previous STEM diploma or official transcripts, and their most recent UCLA diploma or official transcripts (in addition to the checklist documents)
STEM OPT Extension Employment Types

- **Paid Employment**: A student must work at least 20 hours per week. Employers must be enrolled in E-verify.

- **Multiple Employers**: A student may work for more than one employer, but each employment must be at least 20 hours per week, paid, related to their degree program and all employers must be enrolled in E-Verify. Students must submit a completed Form I-983 for each employer.

- **Work for Hire (Contractual)**: This is commonly referred to as 1099 employment, where an individual performs a service based on a contractual relationship rather than employment relationship. The company for whom the student is providing services must be registered with E-Verify. If requested by DHS, the student must be prepared to provide evidence showing the duration of the contract period and the name and address of the contracting company. Employment must be at least 20 hours per week.

- **Employment through Third Party Employers and Staffing Agencies**: Employment must constitute a bona fide employer-employee relationship. The Form I-983 must be signed by the E-Verified employer who is providing the practical training experience. Employment must be at least 20 hours per week. The staffing placement agency cannot complete and sign the Form I-983 as an employer unless:
  - The staffing placement agency is an E-Verified employer of the student, and
  - The staffing/placement agency provides and oversees the training (training experience may take place at a site other than the employer’s principal place of business)
When to Apply

- STEM OPT Extension applications may be submitted to USCIS for processing as early as (but no earlier than) 90 days before a student’s initial 12-month OPT EAD card end date.

- USCIS must receive STEM OPT Extension applications by the initial 12-month OPT EAD card end date to be considered timely filed.

- USCIS may take 3 months or more to approve STEM OPT Extension applications. Visit the ‘Check Case Processing Times’ page for current USCIS processing times (see “Form I-765” for “Potomac Service Center”).

- Students with a timely filed STEM OPT Extension application may continue employment for up to 180 days after their initial 12-month OPT EAD card end date while their STEM OPT Extension application is pending with USCIS.

  - If you do not receive your STEM OPT Extension EAD card by your initial 12-month OPT EAD card end date, you will have to update your I-9 with your employer to continue employment beyond your current EAD card end date while your STEM OPT Extension application is pending. For information on how to update your I-9 with your employer, please visit the USCIS Foreign Academic Students page and discuss this with your employer.

A Department of Student Affairs
What does the STEM OPT Administrative Processing Fee cover?

The Dashew Center STEM OPT Administrative Processing Fee pays for systems required by the U.S. Department of Homeland Security to maintain a student’s F-1 SEVIS record during their STEM OPT period.

SEVIS record maintenance is still required during a student's STEM OPT Extension period to allow the Dashew Center to process F-1 benefits such as travel authorization, I-20 requests, Cap Gap requests, and STEM OPT employment and address updates.

SEVIS maintenance fees are covered by UCLA for currently enrolled UCLA students. Since students will not be enrolled at UCLA during their STEM OPT Extension period, they will be charged a STEM OPT Administrative Processing Fee by the Dashew Center.

Students are required to pay the Dashew Center OPT/STEM OPT Administrative Processing Fee each time they apply for Post-Completion OPT or the OPT STEM Extension.
The Dashew Center OPT Administrative Processing Fee for the STEM OPT Extension application is $380.

To Pay the fee:

- Go to the [OPT Administrative Processing Fee Site](#) on the Dashew Center website
- Log in using your Bruin Logon ID to access the payment site
- Click on the ‘Pay’ link for ‘F-1 OPT: STEM Extension’
Follow the instructions on the payment site to pay the STEM OPT Administrative Processing Fee by debit or credit card.

To review your payment submission, click on ‘My Payments’ and a record of your payment submission will appear.
A receipt of your payment will be sent by UCLA Corporate Financial Services to your email address reported in MyUCLA.
  - Please be sure that your email address is written correctly and valid.

A copy of your payment receipt or screenshot of payment history is required for your OPT I-20 Request.

If you cannot locate the payment receipt email, please provide us a screenshot of the payment history screen from your Dashew Center account.
An F-1 student and their employer must obtain, complete and sign the Form I-983 Training Plan before the student may apply for the STEM OPT extension.

The formal training plan must clearly articulate the STEM OPT student’s learning objectives and affirm the employer’s commitment to helping the student achieve those objectives.

STEM OPT students and their employers are subject to the terms and conditions of the 24-month STEM OPT extension regulations, the Form I-983 Instructions and the completed Form I-983, effective as of the employment start date requested for the associated STEM OPT period, as indicated on the Form I-983.

Make a copy of your completed Form I-983 to keep in your records.

USCIS accepts the following payment methods for the STEM OPT Extension application fee:

- **Personal Check:** Use a check from a U.S. debit/bank account. Funds will be drawn directly from the bank account.

Note: Providing a personal check with insufficient funds or a check from a foreign bank (e.g. Canadian banks) will result in the denial of your application.

- **Cashier’s Check:** Go to your local bank (where you have your debit account) and request a Cashier’s Check. A Cashier's Check is a draft guarantee drawn from your bank’s own funds. Your bank will withdraw funds from your personal account to create the Cashier’s Check.

- **Money Order:** A money order can be purchased at a U.S. post office, Western Union, or CVS/pharmacy. Cash will need to be exchanged to obtain a money order for a specified amount.

**$410 OPT Mailed Application Fee**

Note: The Dashew Center recommends using a Personal Check, Cashier’s Check, or a money order. Personal checks and Cashier’s checks can be tracked and are secure payment methods since they are guaranteed by a bank.

Applicants who filed their STEM OPT Extension application online will be issued an application receipt number within 24 hours of submitting their application and will be able to access their application receipt notice through their myUSCIS account.

Applicants can check the status of their STEM OPT Extension application online using the receipt number in their I-797 Notice of Action Receipt Notice on the USCIS Case Status Page.

Applicants will receive the decision from USCIS approximately 3+ months from the date their STEM OPT Extension application was received by USCIS.

Applicants will receive First Class mail containing their Employment Authorization Document (EAD) card if the request has been approved by USCIS. Check your address at USPS.com using the Zip-Code Lookup tool.
What if I don’t receive a decision from USCIS by my initial OPT end date?

- Students with a timely filed STEM OPT Extension application with USCIS may continue working beyond their initial, 12-month OPT EAD card end date while their STEM OPT Extension application is pending up to 180 days.

- If you do not receive your STEM OPT Extension EAD card by your initial, 12-month OPT EAD card end date, you will have to update your I-9 with your employer to continue employment beyond your current EAD card end date while your STEM OPT Extension application is pending. For information on how to update your I-9 with your employer, please visit the USCIS Foreign Academic Students Page.
After you receive your STEM OPT Extension EAD card, submit PDF copies of the front and back of your card to OPT@saonet.ucla.edu (include your UID in your email)
Address and Mailing of EAD Card

We recommend that you provide a mailing address for your STEM OPT Extension application that will be valid for at least 4 months from your application submission date.

- If you move before receiving the EAD card you may risk losing your EAD card in the mail, even if you file a change of address with USCIS after submitting your OPT application to USCIS for processing.
- U.S. Postal Service (USPS) does not forward federal mail, even if you request mail forwarding services from USPS.
- If you must change address, you can file form AR-11 with USCIS online or login to your myUSCIS account to do so.

What do I do if I lost my EAD card?
Apply for a replacement EAD card from USCIS online, which will require a new I-765 form, $410.00 filing fee, and supporting documents. Contact USCIS and USPS if lost in the mail, then request a new EAD card from USCIS.
Students on the STEM OPT Extension have an additional 60 calendar days—including weekends and holidays—of allowed unemployment time, in addition to any remaining unemployment days from the initial 12-month OPT.

Exceeding the allotted days of unemployment will end the STEM OPT Extension period and you must depart the United States. Please schedule an appointment with a Dashew Center F-1 Counselor or email OPT@saonet.ucla.edu prior to this happening to discuss options.
You can only update your personal information in your SEVP portal account while on STEM OPT Extension. Any employment changes or updates please contact the Dashew Center.

Resetting Portal Account

If you’ve been locked out of your SEVP portal account, please contact the Dashew Center promptly at OPT@saonet.ucla.edu with your UID and SEVIS number.
Students with STEM OPT Extension authorization must report the following information to maintain valid F-1 status during their STEM OPT Extension period using the Dashew Center’s STEM OPT EXTENSION REPORTING FORM:

Student evaluations are a shared responsibility of the student and the employer to ensure that the student's practical training goals are being satisfactorily met. The student is responsible for conducting self-evaluations of their training progress. The employer must review and attest to their accuracy.

The student must submit their 12-month evaluation on or no more than 30 days before the due date following the conclusion of the appropriate reporting period. In the example above, the due date is 09/19/2024, so the student would submit their 12-month evaluation between August 20th and September 19th.

The student must physically or electronically sign the evaluations; print their name; and enter the date of their signature.

The Employer Official with Signatory Authority must physically or electronically sign the evaluations; print their name; and enter the date of their signature to show concurrence with the assessment information that the student has entered.

Student evaluations are a shared responsibility of the student and the employer to ensure that the student's practical training goals are being satisfactorily met. The student is responsible for conducting self-evaluations of their training progress. The employer must review and attest to their accuracy.

The student must complete the first evaluation within 12 months of their STEM OPT start date and then complete a final evaluation after their STEM OPT ends that reflects all the training and knowledge acquired during the complete training period. If a training opportunity ends early, the student must submit the final evaluation within 10 days following the conclusion of the training.

The student must submit their final 24-month evaluation on or no more than 30 days before the due date following the conclusion of the appropriate reporting period. In the example above, the due date is 09/19/2025, so the student would submit their final 24-month evaluation between August 20th and September 19th.

The student must physically or electronically sign the evaluations; print their name; and enter the date of their signature.

The Employer Official with Signatory Authority must physically or electronically sign the evaluations; print their name; and enter the date of their signature to show concurrence with the assessment information that the student has entered.

When submitting your evaluations, please only submit page 5 of the I-983
Reporting Requirements

**Unemployment:** Report unemployment by submitting a final self-evaluation (bottom half of page 5 of [Form I-983](#)) for your previous employment to [OPT@saonet.ucla.edu](mailto:OPT@saonet.ucla.edu) within 10 days of your last day of employment.

**Material Changes:** Report material changes to an existing Form I-983 by submitting an updated [Form I-983](#), stating in your email what changes have been made, and any additional documents for the material change to [OPT@saonet.ucla.edu](mailto:OPT@saonet.ucla.edu) within 10 days of the change.

- Material changes include (but are not limited to): any change in student compensation, any change in hours per week that a student engages in a STEM training opportunity, changes to the employer’s commitments or student’s learning objectives as documented on the Form I-983, employer address, supervisor, etc.
Changing Employment

Students who change employment (or if the employer EIN changes) during their STEM OPT Extension period must submit the following within 10 days of the change to OPT@saonet.ucla.edu:

- For previous employment, submit a final self evaluation (bottom half of page 5 of Form I-983) to report your previous employment end date
- For new employment, submit a completed Form I-983 (pages 1-4) to report your new employment start date
- Employment verification letter from new employer on company letterhead (must include: job title, supervisor’s name, employer’s contact information, and employer’s E-Verify ID)
Reporting Requirements

Reporting Employer Non-Compliance

If a STEM OPT Extension student believes that their employer is not complying with the terms and conditions of the 24-month STEM OPT Extension regulations, the Form I-983 Instructions, and the completed Form I-983 on file with their Designated School Official (DSO), the student may:

- Contact the Student and Exchange Visitor Program (SEVP) at U.S. Immigration and Customs Enforcement (ICE) by following the instructions found on ICE.gov.
- Report violations through the Homeland Security Investigations tip submission form.

(A period of student unemployment, caused by an employer’s failure to comply with program requirements, on its own will not affect the STEM OPT student’s status so long as the student reports changes in employment status and adheres to the overall unemployment limits.)
Dashew Center does not recommend traveling outside of the U.S. while their STEM OPT Extension application is pending with USCIS. Traveling outside the U.S. prior to STEM OPT Extension approval could result in application being delayed or denied.

Documents required to re-enter the U.S. in valid F-1 status AFTER STEM OPT Extension has been approved and STEM OPT EAD card received:

- Valid Passport (with at least 6 months validity from re-entry date)
- Valid F-1 Visa
- Endorsed STEM OPT Extension I-20 (each travel authorization signature is valid for 6 months from the date it was last signed and must be valid at the time of entry to the U.S.)
- STEM OPT Extension EAD Card
- Proof of Employment or Offer Letter (Verification document from an employer verifying your job title, job duties, duration and start date of employment written on company letterhead)
F-1 students engaging in the STEM OPT Extension will still hold F-1 status in the U.S.

The Dashew Center will still maintain and update an F-1 student’s SEVIS record while the student engages in the STEM OPT Extension.

Dashew Center services such as advising appointments, support letters, and travel requests are still available to F-1 students engaging in the STEM OPT Extension.

F-1 students engaging in the STEM OPT Extension are still required to obtain a travel signature from the Dashew Center on their I-20 to re-enter the U.S. in valid F-1 status after traveling abroad.
Students may request an updated I-20 from the Dashew Center after they receive their STEM OPT Extension EAD card in the mail. An updated I-20 is not required to maintain F-1 status, but is highly recommended if a student will be traveling internationally and re-entering the U.S. after their program completion date.

- The updated I-20 will show a student’s STEM OPT Extension status as ‘APPROVED’ on page 2 and will include employment information that has been reported in the SEVP Portal.

To request an updated I-20, please send an email with your full name, UID and SEVIS number with the following documents attached to OPT@saonet.ucla.edu:

- Completed I-20 Request Form
- Copies of the front and back of your STEM OPT EAD card
- Verify that their SEVP Portal is up-to-date and accurate.
Cap Gap – a period in which a student’s F-1 status and STEM OPT Extension authorization is automatically extended by USCIS to bridge the gap between the end of their F-1 status and the start of their H-1B status.

The most common situation occurs when a student’s STEM OPT Extension ends in the Spring or Summer and their F-1 status expires 60 days later, leaving a gap of several weeks or months before the start of the student’s H-1B status begins on October 1.

If granted by USCIS, the Cap Gap will automatically extend a student’s F-1 status and STEM OPT Extension authorization without requiring a new EAD card. Students should request an updated I-20 indicating they have Cap Gap approval.
The Cap Gap is available to F-1 students are engaging in STEM OPT Extension with pending or approved cap-subject H-1B petitions.

To request a Cap-Gap I-20:
1. Report any/all STEM OPT Extension employment to the Dashew Center to update your SEVP Portal and verify the portal is correct
   • Complete all necessary validation reporting requirements or material changes
2. Send an email with your full name and UID with the following documents to OPT@saonet.ucla.edu
   • Completed I-20 Request Form with ‘Cap Gap I-20’ option checked
   • Copy of H-1B Receipt Notice or Approval Notice from USCIS (I-797A or I-797C)
   • Copy of front and back of STEM OPT Extension EAD Card
