iSTART @ UCLA

iSTART @UCLA is a mandatory two-part virtual on-boarding process for ALL F-1 and J-1 Students at UCLA, and it is divided in two parts:
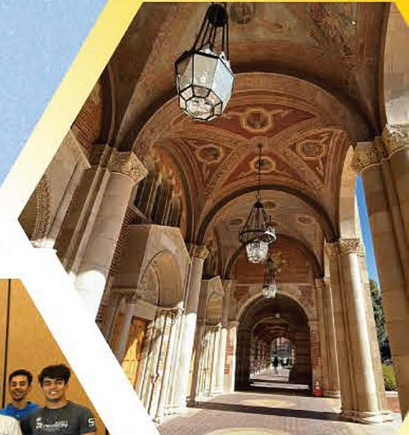

(A) iSTART Online Orientation has been created to help you get familiar with important visa regulations, academic integrity, Los Angeles and UCLA campus life. It is required that you complete all sections of the orientation. You must get a completion certificate in the conclusion of the iSTART Orientation.

(B) Online Post-Arrival Status Check-In is designed to verify your correct status and documentation upon arrival, as it is required by the U.S. immigration.

Next Steps
